Snow Day Fun and Learning!

We are so proud of our students who learned and played so nicely at home over the snow day! A special shout-out to Rabbi Dovid Roness, one of our fabulous Rabbeim who held shiur and a pizza party for his guys at Chabad! Thank you also to Rabbi Mochkin for providing the location and pizza party!

School Safety Week!

*Dean Smith, Barnard Fire Department's Fire & Life Safety Educator, came to DHR twice this week so he'd have time to teach our students very helpful and interactive fire prevention strategies. He was so impressed with our students' behavior and awareness. He couldn't believe that every first grader at DHR knew their own address without prompting. Finally, he called the school to say a special thank you to the 7th and 8th grade boys for helping him pack up the fire safety sample house.
*Thank you also to Officer Murray from Greece Police for his great safety week presentations.
