## From the Principal

Dr. Lea E. Goldstein

Wow!! What a wonderful Winter Open House! We were thrilled with the huge crowd, beautiful interactive displays and warm interactions of our families, students, and guests. The food, prepared by DHR's multi-talented building manager and chef, Ross Kosow, was delicious - and the fabulous salad bar and other stations made possible by volunteers, were quite popular! Our team of Yeshiva waiters were great, and Rebbetzin Davidowitz's scarf sales (benefitting DHR) were very successful! Finally, a major thank you to our hardworking, visionary teachers who inspired and guided their students to create the fabulous displays in all of our classrooms!
