We're going to have lots of fun!

From the Principal

Mrs. Lea Goldstein

I was very fortunate to have been invited on the Jewish Community Federation's Modiin Partnership trip to Israel. It was a terrific experience! Besides the joy of "going home" for almost a week, it was wonderful to meet so many colleagues from Modiin schools and spend time with local Rochester educators. I had the privilege of visiting numerous schools in Modiin, meeting their dedicated principals and teachers and adorable students. It was a special pleasure to meet so many new friends at our partner school, N'tiv Zevulun, a Mamlachti-Dati-Torani school in Modiin. I spent several days there observing classes, speaking to administrators, teachers and students and getting a feel for the school's culture. We visited Yerushalayim and did a walking tour of the Old City. We also spent an afternoon at Yad Vashem. In addition to davening at the *כותל* I was able to visit the *קברים* of three of my beloved grandparents buried on *הר מנוחות*. All in all, I am grateful that I had the opportunity to visit Eretz Yisrael and forge a meaningful connection with our new partner school. We have a few exciting new initiatives that we are planning with N'tiv Zevulun...we'll keep you posted!
