

## Engineering at its best!

The 7/8 boys worked on using the engineering principles that they've been studying to move the light houses that they built over the past week. It was entertaining and impressive!

Wow! It's been a really busy week! On Wednesday morning, we drew the winning raffle tickets at TIUNY. Congratulations to our winners: Grand Prize - Maayer Schwarzbaum of Brooklyn, NY; Second Prize - Nissan & Aviva Gelb of Rochester, NY; Third Prize: Anne Schwarzberg of Cincinnati, OH. Thanks to our many generous donors who purchased tickets and our hard-working solicitors (DHR middle school students and TIUNY guys)! Special thanks to Elkonoh Boruch Caro for coordinating the TIUNY sellers and to Rabbi Danny Goldstein, Binyomin Weiner, Catherine Snyder, Carol Bronson and Perel Mittel for their administrative assistance!

Then, yesterday, we officially kicked off our Annual Scholarship Dinner/Journal Campaign! This year, we will be honoring The Dan Family for their commitment to DHR and amazing generosity! Please watch your mail for the journal and dinner mailings and save the date - you will not want to miss this elegant, important and delicious dinner - Sunday evening, May 7, 2017.

Last week our kindergartners celebrated Dr. Seuss's birthday! They did all sorts of serious and funny activities all week! Here, we'll focus on the Lorax: listened to the Lorax and had a very Lorax themed day. During writing, we wrote about what we would do to help our environment. Most students wrote two sentences!

They did an amazing job with this and they were very proud of their work! In centers, we planted flowers, played with shapes and created a graph and read Dr. Seuss books on our own!! We also enjoyed a healthy Lorax snack.
