From the Principal Mrs. Lea Goldstein

Dear DHR Parents and Students,
 What a busy summer! The new STEM Lab has a brand new floor, it's getting its second coat of bright, cheerful paint, the beautiful greenhouse windows are installed, the custom cabinets are being built, the new ceiling tiles and LED lights are in, the giant smartboard is scheduled for installation, the new laptops have been ordered...it's exciting! We've also been painting, cleaning, having the classroom floors refinished, ordering books, making schedules and working hard to get everything ready for another fabulous year!

KIDS: With only three weeks left until the start of school, we are hoping that you are getting a chance to relax and recharge. Please make sure to do your summer packets – the review is so important – and the DHR Summer Packet Store (during the first week of school) will be stocked with loads of great stuff! Just do your summer packets, hand them in when school starts and you'll get DHR dollars to spend at the store! We are also looking forward to introducing you to our wonderful, dynamic new faculty members! Our first newsletter will feature our new teachers.

PARENTS: Please make sure to sign and return your tuition contracts with post-dated checks before the school year starts. Additionally, student fee forms, school supply lists and health and immunization forms are available on our website. Thank you!
