

Getting Ready for Pesach!

Spring is Here!

The second graders learned about acrostic poems and worked on writing one of their own, describing the season of SPRING! We can't wait for that warmer weather!!

Middos Menschen

Adina Goldstein, 2nd grade - This is the most wonderful Middos Menschen I ever wrote! A few girls were playing a game and one girl wanted to join them. The girls said that she couldn't join, and she asked a few times. Adina told the other students that she COULD play and didn't succumb to peer pressure and made the girl feel happy and warmly welcomed into the game! I am SO extremely proud of Adina Kayla! - Mrs. Mammon

Simcha Hanson, 3rd grade - Simcha was very kind to a consultant teacher, offering his help without hesitation. - Ms. Nau

Tehila Lehrer, 2nd grade - Tehila received a special prize from Mrs. Elich for always offering to help her classmates and always being kind to others. Great job, Tehila! - Mrs. Elich & Mrs. Polatoff

Yaffa Rennert, 7th grade - Yaffa demonstrates great patience and care daily during lunch. She kindly gives out milk to all of the students in the lunch room, using up half of her lunch time to do so. - Mrs. Mittel

Ester Tsits, 3rd grade - Ester works hard at school and at home. Great job, Esther! - Ms. Nau

4th Grade Test Prep!

The fourth graders are preparing for an upcoming test on all 50 states. The class has been working hard learning the location and abbreviation of the 50 states for the past four months. Not only can they find each state, they have also learned about the lakes, rivers and countries that border the states.

From the Principal Mrs. Lea Goldstein

Dedicated in memory of Dr. Sandee Eiduson:

My friend. My advisor. My mentor. The woman who "sat in my chair" when I was away from DHR. The brilliant educator who figured out how to help struggling children when no one else knew what to do. The unique woman who didn't have any offspring, yet had so many children.

Against all odds, Sandee became Dr. Eiduson, a Torah Jew, and, after retiring, DHR's volunteer Special Education Coordinator and later our Curriculum Coordinator. She became a precious community resource. She quietly made her mark on so many institutions. She was accepted as a member of the family in a half dozen different families.

Dr. E., as our students called her, was a giver. The greatest joy she experienced was when she found out that she had made a difference in someone's life, especially if it was one of her special children.

When she sensed a need and realized that it was not something the school could afford to fund, she'd say to me, with a wink, "if we could find a secret donor, could we make this happen?"

Sandee ran faculty literature circles and she provided wonderful, extra-curricular resources for our students and teachers. She loved to help and improve things for others - and always did it with a smile.

We have lost a treasure. Yehi Zichra Baruch.

A note from the Palgon family:
Please share any stories you may have about Sandee's involvement with you or someone you know so that we can perpetuate her memory. We will collect them all and try to organize them and share with the entire community. All submissions are welcome! Please send to: mysandeememories@gmail.com

Mazel Tov to...

...Baruch Polatoff upon his engagement to Malka Aliza Stolper!
...the 4th grade for learning Parshas Vayeishev!
...5/6 girls on finishing פרק י"ח in Chumash!
