

This week at DHR...

The middle school girls worked together to compete in Final Jeopardy during Mr. Newman's science class.

The middle school boys honed their tennis skills in Mr. Loncao's PE class.

For their science unit, Mrs. Polatoff's 2nd graders worked in groups to create parts of a large, colorful plant diagram, including descriptions of the plant parts' functions!

From the Principal

Mrs. Lea Goldstein

Yesterday, we were honored to welcome Megan Bell, the new Director of Grants and Programs for the Max and Marian Farash Charitable Foundation. She was joined on the tour of DHR by Sharon Gray, Senior Program Officer.

We were thrilled to have the opportunity to introduce them to our enthusiastic students and wonderful teachers. They commented on how engaged our students were in their learning. Most importantly, though, the visit gave us yet another opportunity to express our hakaras hatov and sincere appreciation for the beneficence of the Farash Foundation. We proudly showed them around our beautiful building, which we were able to purchase as a result of their visionary gift. They loved our new Farash Computer Technology Lab and the new smartboards in our classrooms.

We gratefully acknowledge and truly appreciate the Farash Foundation's momentous commitment to Jewish education in Rochester!

Yeshiva Dinner in New York City

TIUNY's Annual Dinner was held last Sunday evening in NYC at the elegant Seawane Club. The Yeshiva recognized the phenomenal dedication of the guests of honor, Rabbi Baruch and Michal Davidowitz, and their significant contributions to our community. Eli Gabay was presented with the Alumnus of the Year award. It was a beautiful, moving dinner, celebrating the Yeshiva of Rochester's 45th anniversary.

Torafair and Torathon are Coming Up!

Please make sure your middle school students are working on their Torafair projects and your K-8 students are studying for the Torathon with their booklets. Torathon tests will be Monday, Jan. 27th and the Torathon Game Show will take place Jan. 28th at 2:45pm (finalists will be announced on Monday afternoon). If your child cannot find his/her Torathon booklet, it is available on the DHR website on the downloads page.
