2ND GRADE SUMMER PACKETS

Hi All,

I hope you are doing well, and that you and your children have enjoyed this year of 2nd grade as much as I have. I really connected with this class, and feel a great swell of pride for everything we have accomplished together. I feel like we have come to the end of an epic journey together and I only hope that somewhere along their academic journey, I will be *zoche* to teach them again.

As you know, we used Chumash companion sheets in our learning this year. The sheets were compiled by Rabbi Chastain, and are based on the Limudei Kodesh benchmarks and standards that were compiled a few years ago. Our summer work is going to be comprised of worksheets that review the main skills that we covered on those sheets in Chumash class. Those pages will be scanned and posted on our website.

We also utilized two other workbooks in class, Chayeinu level ב and Keriyah Berurah. We finished the majority of both of those workbooks, but left the end unfinished. I will be sending the children home with the hard copy of their workbooks at the end of the year and will be sending home a list of pages to review and to complete in those workbooks over the summer. I will also scan those pages and post a digital copy on our website.

I wish all of my *talmidim* and *talmidot* an amazing, fun-filled, and learning-filled summer. May they all have nothing but tremendous *hatzlacha* in all of their endeavors, and may we continue to get *nachas* from them. All the best.

Your Rebbe,

Rabbi Ribakow
